With EIFA, you can realize your dream of pursuing Architecture degree from the very best colleges in India and abroad. At EIFA we host a Preperatory platform for entrance exams in a manner that is Result Oriented using the latest cutting edge technology and research.

NATA – National Aptitude Test In Architecture

The National Aptitude Test in Architecture (NATA) measures the aptitude of the applicant for specific field of study, i.e. Architecture. The test measures drawing and observation skills, sense of proportion, aesthetic sensitivity and critical thinking ability that have been acquired over a long period of time, and that are related to specific field of study, i.e. **Architecture**

With the objective of attracting a greater number of bright aspirants for studying Architecture and practicing the same as a profession in future, CoA has decided to conduct the test Twice a year

THE TEST –

The test shall consist of two parts:

Part A comprising Multiple Choice Questions (MCQ), Mathematics and general aptitude which is to be answered online and

Part B is on drawing, which is paper based.

This has been devised as a step towards producing competent architects to serve the society and to build the nation in coming decades, especially in view of the Govt. of India mission of Smart Cities.

Eligibility

Passed 10 + 2 Scheme of examination with 50% marks in Physics, Chemistry & Mathematics and also 50% marks in aggregate at 10 + 2 level examination.
